# Siebel's Gladiolus Gardens

Box 1072, Washougal, Wash. • Phone Temple 4-5621

We are happy to bring you our second edition of our Gladiolus catalog. We wish to thank all those who ordered last year and know that they had a successful year. We hope this year is equally successful.

This year, plan to attend as many of the glad shows in your particular area as possible. Visiting or exhibiting they are a source of satisfaction and pleasure.

The following dates will help you plan your planting schedule:

August 3, 4	Portland Glad Society, Portland, Oregon
August 17-18	Pacific International, Grants Pass, Oregon
August 24-25	Oregon State Show, La Grande, Oregon

We are again listing Dirk Kroon's introductions for 1956, separately, because we feel that they merit it.

**FALINE (210)** Color is light yellow, blending deeper yellow in the throat. Florets are slightly ruffled with heavy texture. Faline is very healthy and has a bright future.

**THE MAD HATTER (360)** Color is a light rose fusing to a cream throat, carries extra long flowerheads of which seven open at once. Very healthy and vigorous grower.

**MERRY MIRTH (311)** Color light to medium yellow with a flashy red orange blotch for added make up. Healthy, formal placement, rapid propagator, make this an outstanding introduction.

All three priced the same:

Large, each .40	10 large-\$ 3.20	Medium each .30	10 Medium \$ 2.40
Small, each .25	10 small-\$ 1.60
